

Field to Factory Direct Communication

Manufacturing and Supplying Sheet Metal Duct
and HVAC Products since 2004

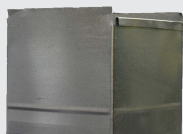

RECTANGULAR AND FITTINGS

MKT products are factory fabricated to meet or exceed 3rd edition 2005 SMACNA Standards. MKT standardizes most rectangular duct construction with USA mill-stamped, G90 galvanized steel. We not only meet requirements set by the state and federal entities, but our highest standards are held by our own quality control guidelines. **Specific needs and application do apply*

TDC (Transverse Duct Connections)

- Quick field assembly, pre-assembly available
- High leakage resistance
- Medium to high pressure systems
- Typical Applications: light to heavy commercial

Slip and Drive

- Field Assembly, requires sealing after installation
- Low to medium pressure systems
- Typical Applications: light commercial, multi-family

Slide-On Flange

- Mechanically fastened, additional time and materials
- Fabricated to size
- Low to medium pressure systems
- Typical Applications: Light commercial, multi-family

Welded

- Butt, Flange, and Raw
- Inside/outside flange, Lap welded
- High pressure systems
- Typical Applications: Industrial, Grease Duct, Collection Systems, Laboratory

GAUGES: 26 – ¼" mild steel, 26 – 1/8" stainless steel

VARIATIONS: Single & Double Wall (fiberglass, closed-cell foam, etc.)

MATERIALS: Galvanized, Galvanneal, Black Iron, specialty coated

SIZES: Approx. 5 ft. joints (size differs based on roll forming capabilities)

SEAMS: Longitudinal weld, Pittsburgh, Snap Lock
