

Field to Factory Direct Communication

*Manufacturing and Supplying Sheet Metal Duct
and HVAC Products since 2004*

SPIRAL AND FITTINGS

MKT products are factory fabricated to meet or exceed 3rd edition 2005 SMACNA Standards. MKT standardizes most spiral duct with USA mill-stamped, G90 galvanized steel*. We not only meet requirements set by the state and federal entities, but our highest standards are held by our own quality control guidelines.

**Specific needs and application do apply*

MKT offers spiral accessories including crimped pipe, elbows, air-tites, high efficiency take offs, bell-mouths, and duct connection and cable hanging systems.

Materials used in the production of spiral duct:

- Galvanized
- Galvaneal or "paint grip"
- Aluminum
- Agion® Antimicrobial
- Stainless Steel
- PCD coated

Diameters produced: 4" to 100" capabilities

Lengths produced: Standard 10 foot lengths, custom cut lengths up to 20 feet.

Gauges: 18 to 26

Coatings: Coatings for industrial or aesthetic applications are available

PVC coated galvanized spiral duct

Powder coated for a multitude of colors is available on request

Double wall insulated duct:

- Perforated and solid inner wall available
- Pre-assembly optional
