

MKT is a major manufacturer of Commercial and light Industrial Ductwork, and HVAC materials. We use the latest equipment and strategic processes to produce large volumes of high-quality products. Focused on providing excellent customer service, we ensure that all projects receive comfort and quality through our expertise in fabricating the conduit for conditioned air conveyance.

Rectangular Ductwork:

- Pittsburgh and Snap-Lock longitudinal seams, typical
- TDC/TDF, Slip & Drive, Flanged, and various additional connection types available
- Unlined, Acoustically lined, and Double-wall constructions with several liner types and thicknesses available
- Construction as specified by each project/request

Spiral Ductwork:

- Single-wall, Acoustically lined, Double-wall constructions from 3" diameter and up
- Slip Coupling, SPIRAMir Gasketed Spiral Systems, Flanged, and Flanged with Barrel clamp Connections available

Spiral Oval Ductwork:

- Single-wall, Acoustically lined, and Double-wall available
- Standard: Flanged connections, slip couplings available upon request

Welded Ductwork:

- 16ga construction(minimum for quality) to 1/4" carbon steel/ 1/8" Stainless Steel
- Flanged, Angle, Vanstone (w/and w/o Angle), and assorted welded connections

Materials:

- Domestic Galvanized and Galvannealed steel, Aluminum, variety of Stainless-Steel grades, Copper and Carbon Steel substrates
- Coated product options available in Agion™ antimicrobial treatment, PVC and various aesthetic coatings

Specialty Products:

- Weatherguard Duct Systems – Pre-insulated, Sealed, Round, and Weatherized
- Industrial materials – Hoppers, Guards, Filter Racks, Chutes and More
- Framed Dampers – Single and Multi-Blade w/hardware
- Custom Hoods
- Carbon Free Stainless Fabrication

Rooftop Products:

- Support Systems, Penetration Curbs, Adapter Curbs, and Equipment Rails
- Exhaust Stacks and Caps, Goose-necks, and Ventilation Intakes

Inventoried Products and Accessories:

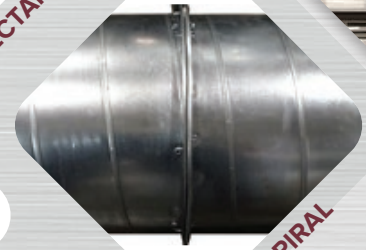

- Snap-Lock Pipe and Fittings, Cable Suspension Materials, Duct Support Kits, Sealant and TDC/TDF Hardware and connection Butyl
